FRIDAY, JULY 19th, 1935

Number 18

Regular Monthly Rotary Luncheon

The regular Rotary Outpost meeting and Luncheon was held in the United Church Tuesday, with 13 members present, and 5 visitors. President L. L. Pack was in the chair.

After a satisfying meal prepared by the Ladies Aid, which concluded with much appreciated Ice Cream and Cake, Senator W. A. Buchanan, Lethbridge, who was the guest speaker of the day, delivered a fine talk on the "Contribution Rotary can make in promoting greater International Understanding. Enlarging on this thought he said: "The International Problem is the Great problem of today and all that is needed to end the depression is understanding and confidence between men and nations. Rotary can do much to foster and build up this understanding. Speaking of the understanding between United States and Canada he mentioned the fact that with three thousand miles of border between these two great countries there was not a fortification, nor a navy, and that because of the removal of anything that suggested war, there was no thought of war between to this he mentioned the borders of France and other Old World countries which were nests of fortifications and barriers. When the idea of Rotary influences nations until these armaments will be removed then we can hope for peace.

Referring to the League of Nations and the International Labor Congress he mentioned recent Social Legislation in Canada, also efforts to better conditions in Persia and Japan and direct results of this Conference, when delegates from these countries went home with better and broader ideas of right and wrong in the social relationship of our fellows.

N. L. Mitchell, teacher of Music in Salt Lake City High Schools was another speaker and outlined very briefly the system used in Utah Schools for educating the young men and women to an appreciation of music. He hoped our school set-up would soon be adopted to the introduction of such a plan in Canada.

Mrs. Mitchell rendered two vocal numbers, which with the speeches were very much enjoyed by the Rotarians.

A visit of District Governor Albert Oulton on August 8th in the evening was left with the Program Committee and Executive to arrange for, and it was announced that the August meeting of the local club would be held with the Cardston Club on the third Wednesday of August, which will be the 21st.

Dave Clemis announced the Jubilee in Lethbridge next week, and that C. A. Magrath, a pioneer of the West would speak to the Lethbridge Rotary Monday, and invited a good showing of the local Club to visit Lethbridge and hear him.

The meeting adjourned at 1:45 p.m.

\$400 Off an Acre

Mr. and Mrs. Carlyle Litchfield have had a great harvest of strawberries from less than 1/4 acre patch. Besides preserving some for themselves, giving 12 cases to those who picked on shares, and feasting until they were satisfied on fresh strawberries and cream, they sold nearly \$100 worth locally at wholesale prices. If one had the time and the inclination what could they do with an acre of this fruit. Mr. and Mrs. Litchfield raise the Dunlop variety.

Cemetery Clean-Up

The cemetery clean-up last Wednesday was rather slimly attended, but a number were there and spent several hours around the various plots. Of the 180 plots set out last year, nearly a are still alive, and the two hardwood trees which were planted there last year are growing nicely, several tanks of water having been hauled out there to water these trees and shrubs with. All of those who have paid their \$2. have had their graves cleaned of weeds and grass, and made as nice as possible under the circumstances.

July 31st Wednesday will be Decoration Day and everyone who has an interest in the appearance of the cemetery are asked to be there that afternoon and help in decorating with flowers and plants, so that the surroundings may be inviting and attractive. The U. F. W. A. members and officers have worked unceasingly on this project, and they would appreciate it greatly if those who possibly can would plan to take part in this decoration programme for the 31st of July.

Remember the Genealogical Convention

The Taylor Stake Genealogical Convention will be held in the Stirling Ward Chapel, Sunday next, commencing at 9 a.m. The Stirling Ward will furnish the music for the Convention, and will endeavor to see that everyone is properly taken care of.

Visitors will be there from the Genealogical offices in Salt Lake City, and there will be question periods where questions may be asked pertaining to Research and Genealogical work.

All members of Stake and Ward Committees will be excused from all other Church duties that day to attend the Convention, and Bishops and High Councilmen are expected to be there along with the Stake Presidency. The details of the program were printed last week.

IRENE DUNN IN "ROBERTA"

Irene Dunne, RKO-Radio's beautiful and charming star, views her current picture "Roberta," with great good cheer and with tranquility of spirit. "Roberta" stars Fred Astaire and Ginger Rogers as well as La Belle Irene.

Miss Dunne's happiness is two-fold. In the first place she is wearing the smartest of smart gowns in "Roberta" and what a blessed relief is that! For in her last two pictures she was encased in period gowns, with bustles, stays and all the other trappings of the Eighties and Nineties.

Then, too, "Roberta" she is singing for her admirers. To one who studied for opera, as did Irene, & spent her theatrical years on the operetta stage, his is a great joy.

Miss Dunne's role is that of a European countess who is the fashion expert of the glamorous "Roberta" establishment, and hers is the chief heart interest of the spectacular musical comedy, since the plot deals with her romance with the American football star, played by Randolph Scott, who unexpectedly falls heir to the Paris gown shop and the many talents of the countess.

Be sure and see this wonderful picture at the Capitol Next Week.

Alberta Election Will Be Held August 22nd

NOMINATION DAY AUG. 13
SAYS HOADLEY

ELECTION DATE ANNOUNCED—FINDS POLITICAL PARTIES READY FOR BALLOTING DAY—FINAL SELECTION OF SOCIAL CREDIT CANDIDATES SOON

Edmonton, July 16—Alberta provincial election will be held on Thursday August 22, it was announced today by Hon. Geo. Hoadley, acting premier. Nomination day will be August 12.

An announcement of the election date finds the political parties ready for balloting day. For the 63 seats in the legislature, it is expected more than 200 candidates will be nominated.

The Liberal party under the leadership of W. R. Howson, has 61 candidates nominated with the United Farmers of Alberta, in power in Alberta since 1921 and now headed by Premier R.G. Reid, with 41. The Conservatives, led by D. M. Duggan, have 38 nominees. Several nomination conventions are yet to be held.

EXPECT ANNOUNCEMENT ON S.C. CANDIDATES

Alberta's fourth and newest party, the Social Credit party of Alberta, with William Aberhart, Calgary teacher evangelist as its chief, will have a candidate in every constituency. The names of the Social Credit candidates nominated have been held.

kept secret, but with the announcement of the election date are expected to be made public soon.

U.F.A. FACING SUPREME TEST

After holding office for 14 years, the U.F.A. government faces its supreme test in the forthcoming election.

The major issue is Social Credit, and plans of all parties for new economic policies to overcome present-day conditions in rural and urban centres.

Premier Reid, who became head of the administration one year ago following the resignation of Hon. J. E. Brownlee goes to the people for the first time. All of the cabinet ministers with the exception of Hon. Irene Parlby, minister without portfolio, will seek re-election. Former Premier Brownlee will seek re-election in his constituency of Ponoka.

In the 1930 election a total of 183,219 votes were cast, the U.F.A. receiving 74,187; Liberals 46,275 and the Conservatives 25,449. There were also Independent and Labor candidates.

The standing of the parties in the last legislature was:

U.F.A. 36; Liberals 13; Conservatives 6; Independents 4; Labor 3; vacancy 1. Total 63. The vacancy followed the death of Alderman C.J. Gibbs, Labor member for Edmonton in 1934. No by-election was held.

NEWS NOTES

J. F. Judd returned last Wednesday from a two week motor trip to Oregon and Washington. Mrs. Judd's mother returned with them for a visit here.

In the Safeway bill, Watermelon, lucious and ripe at 5c. per pound was overlooked. Readers please take notice of this omission, and if your mouth waters go and get some of this fine fruit or vegetable, which is it?

The Bee-Hive Girls of the Stake are joining the Lethbridge Y.M.C.A. and the C.G.I. Girls Camp at Camp Inuspi on the Lower Waterton Lake. The dates are July 28th to August 7th, six days of which the Bee-Hive Girls will attend. The fee will be \$6. and payment may be made to Mrs. M.W. Boyson or Mrs. Hamp Witbeck. The Bee-Hive officials hope that as many girls as possible will register at once for the Camp and thus ensure its success.

Mr. and Mrs. Paul Reid and family are spending a few days in Waterton Park.

Mr. and Mrs. J. F. Elder and family are away for a few days camping trip.

The Bee-Hive Girls will be on Broadway tomorrow with refreshment stands. Many of the girls are endeavoring to make their money this way to go to the Bee-Hive Camp, and your patronage would be appreciated in this venture.

The old swimming hole has been a favorite haunt for the past few days. How nice it would be to have a nice swimming pool where we could all go and have a plunge to take away that weary feeling.

Miss Reta Elder, daughter of Mr. and Mrs. J. F. Elder, young typist who delighted Calgary Stampede crowds with her ability, will be in a booth at the Lethbridge Stampede showing her skill.

Lethbridge Jubilee

Lethbridge this year is celebrating the 50th anniversary of its founding by Sir Alexander Galt and his son Mr. Elliott T. Galt in 1885.

Lethbridge's development followed the finding of coal in 1872 by Nicholas Sheran who came from Fort Benton, Montana, to visit his friends, Hamilton and Healy of Fort Whoop-Up, eight miles southwest of Lethbridge. He remained to open the first coal mine in Alberta before the Mounted Police came to Fort Macleod in 1874.

Lethbridge was named in 1885 after William Lethbridge President of the North West

ern Coal and Navigation Co., and is today the third city in size of the Province.

One of the features of the Jubilee Celebration will be the presentation each evening of historical Pageant "Fort Whoop-Up Days", with hundreds of actors participating.

Guy Weadick, well known rodeo impresario, will direct the stampede performance each afternoon of the Celebration, July 22nd, 23rd and 24th.

Other features include Platform Attractions, Dog Show, Midway, Dancing, Livestock, Arts and Historical exhibits.

Coffin Family Hold Reunion in Stirling

School Staff Increased

After considerable discussion and study, the School Board agreed on their staff for next year adding one teacher to the list bringing the total up to 20, and making a necessary replacement or to in the personnel. Next year there will be six teachers in the High School staff, and another room will be opened, the staff here being as follows:

Paul H. Redd, Principal.
John H. Blackmore.
F. Donald Merrill.
Lyman H. Jacobs.
Miss Lenore Pack.
Miss L. Spackman.
Public School Staff, of fourteen teachers:

J. O. Hicken, Principal.
Helvin T. King.
Hilo C. Vance.
H. Dean Rolfson.
J. L. Gibbs.

Miss Velma Nalder, who is taking Summer School and specializing in Music.

Miss Velma Melorum.
Miss Gladys James.
Miss Beulah Page.
Miss Myrtle Johnson.
Miss Laura Riches.
Miss Ruth Kimball.
Miss Lenore Scoville.
Miss Nonavee Watson.

The School Board has tendered the redecoration of the Public School both inside and outside, and it will put it in first-class shape for the commencement of the term.

Incidentally we have the largest single Public School in the Province. There are towns and cities with more Public Schools students enrolled, but they are not in one building as ours are here, and if we keep growing we will soon have two complete public schools in one, about four of the grades being two rooms of each now.

J. F. JUDD'S CAR IN ACCIDENT

J. F. Judd, while coming from Lethbridge Saturday evening last, struck a car parked on the side of the road without lights, smashing the fender and lights on his own car, and taking off the fender, gas tank and breaking a spring on the parked car. Mrs. Judd was thrown into the windshield and had a nasty cut in her forehead, and one tooth knocked out.

Another car was coming from the opposite direction and with the dust on the road "Jack" could not see a thing of the parked and darkened car, and crashed full speed into the rear of it. It was fortunate that no one was seriously injured and this should be a lesson to all that if they leave their car on the highway, which is never a good practice, they should always leave the park and tail lights on as warning to other motorists.

NEWS NOTES

Mr. and Mrs. John Pickett, who have been in Michigan for some time, returned to Raymond this week.

Monday's heat resulted in a rushing business for the ice-cream and cold drink stands and many people were noticed walking up and down the street with cones in their hands.

Thos. Allan is holidaying from the Mecantile at present and with his wife and Mr. and Mrs. R. W. Tolstrup spent part of last week at the Calgary Stampede.

A very enjoyable and successful reunion of the Coffin family was held at the Frank Coffin home in Stirling on Wednesday last, July 10th, when a large gathering, especially of family members from the States were present to participate.

A sumptuous dinner was served at 1 p.m., at which 59 family twigs and twiglets sat down, and this was followed by a program, held on the lawn, and greatly enjoyed by all.

Singing "We Thank Thee O God For a Prophet."
Invocation—Lester Lee, of Woodford.

The Canadian members of the family sang "O Canada," and those from Idaho sang the State song "Idaho."

Frank Coffin as Host, gave an address of Welcome to the gathering.

Jos. A. Brimm, now in his 78th year, spoke of the early life of the Coffin family, and gave a very interesting resume of interesting events.

Mrs. Irene Coffin Warren had composed several verses of poetry for the occasion, and these were read by Edna Toombs.

A vocal solo by Erm Brimm was followed by readings by Grace Madge and Phillis Nelson, and Mary and Anita Penrose contributed a Vocal Duett.

Dorothy Toombs gave a reading, and Lovisa Coffin gave a talk on "Gathering Genealogy and Research Work in the Coffin family."

A vocal solo by Aziel Stevenson was followed by a reading by Betty Gene Toombs, and a Quartette by the Dony family.

Lester Lee gave a talk on "Canada," Paul Madge gave a reading, and the singing of the "Maple Leaf," and prayer by Bishop Willis A. Brim concluded a very pleasant and long to be remembered afternoon.

Those present were:

Mr. and Mrs. Jos. A. Brim, Mr. and Mrs. Willis Brim, Mr. and Mrs. Fred Penrose, Mr. and Mrs. W. B. Coffin, Mary Anja and Ruth Penrose, Maxine, Margaret and LaVerne Brim, all of Downey, Idaho. Mrs. Thelma Gambles, Swan Lake, Idaho, John D. Kent, Hollywood Cal., Henry C. Coffin, Mr. and Mrs. A. J. Nelson, Phyllis Nelson, Mrs. Edna Toombs and daughters Dorothy and Betty Jean all of Pocatello, Idaho; Mr. and Mrs. Jeff Coffin and family of St. Anthony, Idaho; Mr. and Mrs. Gene Dunbar of Portland, Oregon; Mrs. May Evans of Lava Hot Springs, Idaho; Mrs. Henry Stoddard, Samon, Idaho; Mrs. Geneva Bennet, Rupert, Idaho; Mr. and Mrs. Axel Stevenson and family, and Mrs. Elsie Stevenson Raymond, Alberta; Mr. and Mrs. Martin Madge and family Milk River; Mr. and Mrs. Lester Lee, Woodford; Jos. Dony and family, and the host and hostess Mr. and Mrs. Frank Coffin and family.

Local Japanese held a social gathering at the Buddhist Temple Monday, which was very well attended.

Mr. and Mrs. N. L. Mitchell, old time residents of Raymond, are visiting here for a while with relatives and friends.

E. L. Grey has resigned as Deputy Minister of Municipal Affairs, to become Manager of the Eastern Irrigation system at Brooks.

Mr. and Mrs. L. McPhee are holidaying with friends and relatives in Manitoba. Duong Mac's absence Joe and Elmer are taking care of things.

THE GRAIN MARKETING SITUATION

We would like to call the attention of our readers to the advertisement of the Winnipeg Grain Exchange in this issue of the Recorder, dealing with the grain marketing situation and the surplus of wheat in the storage bins of Canada.

That there are vague misapprehensions regarding the Grain Exchange and its attitude toward the man on the land, we know from conversation and from listening to others discuss the subject. There is a feeling that the Grain Exchange has done and will continue to do all it possibly can to depress the price of grain and hold it there, and many of the troubles of the past few years, whether justly or unjustly, have been laid at the doors of this organization. We seem to forget that there is a world market where the greater percentage of our surplus grain has to find a sale, and while the Exchange is trading in futures, and possibly to some extent in paper wheat, at least this is frequently charged, still, their ultimate success and even their existence, is contingent on the grain being sold at the best possible figure.

In short, the well being of the producer is the well being of the Grain Exchange and its members. The information given at the hearings when the Wheat Board Bill was under consideration are full of food for thought, and those vitally interested would do well to obtain this testimony and digest it. And because we may not all desire to take time to study the full report, the excerpts

contained in the above mentioned advertisement will help to clear the misunderstandings we have formed concerning without knowing the full story, read the ad, through and think it over. Carrying wrong opinions is useless and foolish, and we should therefore endeavor to get the facts and then be governed accordingly.

THE POLITICAL SITUATION

As had been expected, Hon. H. H. Stevens, Conservative, and for a number of years a Minister in the Dominion Cabinet with Hon. R. B. Bennett, launched a new political party into a well populated field last week, under the name of the "Reconstruction Party." It is stated that candidates will be selected in every Federal Constituency to carry the banner of reconstruction in the forthcoming election. Growing out of differences of opinion between Mr. Bennett and Mr. Stevens, over the investigations and reports of the "Price Spreads Commission" of which Mr. Stevens was Chairman, and the failure of the Government according to Mr. Stevens, to pass legislation dealing with the evil conditions discovered. Mr. Stevens resigned from the Cabinet, but kept his seat in the House for the balance of the session, although it was no secret that he was at 'odds' with the party leaders over their actions, and the new party was not altogether unexpected.

Growing reports have been made of the financial support pledged to the new child and it is stated that no campaign fund will be needed for the election. It is also reported that the Stevens Clubs scattered throughout the Dominion will select the candidates for the election. There is in the manifesto of Mr. Stevens, much material worthy of commendation. He has laid out a wide and comprehensive platform for his colleagues to work to, and if elected will have the busiest time of his busy life to bring all the recommendations into effect; and this will not be done without over-riding the

opposition not only of the old-line parties in the House, but also the financial interests and the brain trust, whom so many claim are bent on bringing the country and its citizens into bankruptcy and ruin. So much for Mr. Stevens and his new party.

Hand in hand with this announcement, comes a new platform from the C.C.F. of which Mr. Woodsworth is leader, based on a gigantic public works program, the ousting of plutocracy from the control of affairs, and the relief of unemployment to the point where everyone will be able to be maintained on a decent standard of living, without any loss of self-respect or initiative. Mr. Woodsworth in his program also has cut out for himself and his adherent a large and a "tough" job. That reforms are needed none will deny, and from the looks of things there are plenty of suggestions to clean up and clean up right. However, we are all bound by the laws of decency and personal freedom, that frequently our legislators, despite the fact that they are desirous of certain ideals, find themselves unable to bring them to fruition because of natural barriers that simply cannot be surmounted.

The political situation is so, the most very interesting and intriguing.

NEWS NOTES

The mercury climbed to 97 in the shade Sunday with a hot dry wind blowing nearly all day long.

The Canadian Sugar Factories Ltd. took delivery of a new Ford on and a half ton truck from King Motors on Monday.

Mr. and Mrs. Russell Nelson have been holidaying the past couple of weeks. Part of the time they spent at the Calgary Stampede.

Dr. Quinn of Edmonton is here assisting Dr. Leech look after his medical practice, and was a guest of the Doctor's at the Rotary Luncheon Tuesday.

Mr. and Mrs. I. B. Roberts spent the week-end at Waterton Park. We hope it was cooler there than it was here on the plains.

The hot dry weather over the week-end certainly made everyone seek the shade and the cool places. Sunday the air was oppressive because of its dry heat.

An electric storm kept the heavens aglow with lightning for some time Tuesday night. In the early hours of the morning we had a shower, here which fell fast for a few minutes, and refreshed things nicely for a few hours.

Mrs. Aillie R. Jensen and members of her Relief Society Board were in the Tyrell's Lake Branch on Sunday, and organized a Relief Society organization there. This branch is making every satisfactory progress since its organization.

Lilburn Tinsley and his nine year old son were drowned in Chin Lake Saturday afternoon, while the wife and mother stood helplessly by on the bank and watched the tragedy. The boy was floating about on a loose log, when he fell off and sank in about 20 feet of water. The father swam out and brought him to the surface, but became entangled in weeds and rushes and could not get back to shore. Both bodies were recovered during the early evening.

YOU BUY ROADS, TOO!

The accompanying chart shows how the price of gasoline to the retailer has decreased and the gasoline tax has increased since 1924. In 1924 the average price to the retailer of all gasoline sold in Canada was 26.6 cents per gallon. Since 1924, the price has fallen almost continuously until in 1933 and 1934 it stood at the unprecedented low of 18.8 cents—a decrease of 29 per cent. But as the price of gasoline fell, the tax on gasoline rose. The data for this graph are based on figures published by the Dominion Bureau of Statistics.

WHEN you buy gasoline, you also buy roads over which to drive your car.

Approximately one-fifth to one-third of the price you pay goes directly to your Provincial Government in road tax.

Twelve years ago there was no gasoline tax. Today the tax ranges from six to eight cents per gallon. And yet the cost of gasoline to you is no more because during those twelve years the price of gasoline has been steadily reduced.

Imperial Oil played a leading part in the developments that made lower prices possible. But lower prices were not achieved at the expense of labor. Imperial Oil employees have always been well paid. They work under ideal conditions. They have sickness and death benefits and pensions plans to protect them and their dependents. Five thousand of them are part owners of the Company. They are given every incentive to work efficiently and happily. The result has been better gasoline at lower and lower prices.

THE RECORDER OFFICE

THE Winnipeg Grain Exchange ... and the Farmers.

MEASURES TO PROMOTE ADEQUATE PAYMENTS TO GRAIN PRODUCERS CONSISTENTLY SUPPORTED AND ADVOCATED BY THE GRAIN TRADE

The opposition of the Winnipeg Grain Exchange and of prominent grain traders to the Canadian Grain Board Bill, in the form in which it was originally introduced in parliament and sent to a Special Committee, has been made the pretext for representing the Grain Trade as being antagonistic to the interests of producers.

The provisions of the original Bill for compulsory marketing of grain by a Canadian Grain board, combined with the system of initial payment, and participation certificates (that is, for a compulsory pool) and for the virtual confiscation of the property and machinery of the grain trade to the use of the Board were opposed by the representatives of the Winnipeg Grain Exchange and the trade. But the President of the Exchange and all other members of the Grain Trade who gave evidence before the Special Committee specifically advocated measures to secure reasonable payments to producers, whatever might be the level of international grain prices. It should be emphasized that the Grain Trade representatives were the first witnesses to appear before the Committee.

IN HIS EVIDENCE BEFORE THE COMMITTEE ON JUNE 20th, ROY W. MILNER, PRESIDENT OF THE WINNIPEG GRAIN EXCHANGE, IN AN OFFICIAL STATEMENT, SAID:

"As the agents of the producers in the storing, transportation and merchandising of their grain, the interest of grain traders, indeed their very existence, depends upon the maintenance of the farmers in as sound and prosperous a condition as can be attained.

"The members of the Exchange are vitally concerned to secure for grain growers the largest possible return for their crops, to develop and maintain the widest and most remunerative markets for their grain and grain products, to keep the costs of handling and merchandising within the most reasonable limits and to assist by the provision of the most efficient and economical machinery for these purposes in meeting the competition offered by other grain producing countries."

"The Winnipeg Grain Exchange realizes the gravity of the present situation but feels that the sooner a policy is adopted of selling our grain crop in the open markets at prices that will find purchasers in the markets of the world in competition with the grain of other countries the sooner will the present difficulties disappear. In the meantime it may be necessary to subsidize the producers either by some system of price support or by other means, and in that case the Winnipeg Grain Exchange will continue to co-operate with the Government."

In the course of examination by the Chairman and members of the Committee, Mr. Milner expressed himself as being in favor of subsidizing the producers if world wheat prices declined and of establishing a minimum price to be paid to growers.

JAMES A. RICHARDSON, PRESIDENT OF JAMES RICHARDSON & SONS, LIMITED, SAID IN HIS EVIDENCE:

"If our Government wants to give the farmers financial assistance under existing conditions (and I would certainly like to see them do it), then there are several ways that this can be done. I consider it is possible to assure our producer a guaranteed fixed price, but still to permit an open market, so that if our market declined below the fixed price the farmer would get a certificate from the elevator company entitling him to collect the difference between the fixed price and what his wheat actually realized. The farmer might, on the other hand, if thought advisable be paid a direct subsidy. It is a government problem as to how this matter may best be met, but it must be accepted as a fact, that the foreign buyer will continue to buy wherever he can buy the most with his money, and that he will take full advantage of depreciated currencies in certain parts of the world, and it is quite futile to try and induce him to subsidize citizens of other countries.

"I would rather like to see the farmer assured of a fixed minimum price, that would give him some protection against depreciated currencies of the southern hemisphere, and a board with authority to use stabilizing influences in the market if they thought it were necessary, and to feed out our surplus wheat as and when the market would take it, and to try to allow the trade the largest possible freedom, and to act as a stabilizing factor, as an insurance and safety factor; to operate largely in that way would depend, of course, a good deal on good judgment being employed."

THE EVIDENCE OF SIDNEY T. SMITH, PRESIDENT, RELIANCE GRAIN CO., LIMITED, WAS AS FOLLOWS:

"It would in my opinion, be a good idea to establish a fixed minimum price and if wheat reached that figure and there were no other buyers the government agency should take the wheat offered, but would continue to sell wheat at international prices and if the international price were higher than the minimum price the Board would of course not require to make purchases. I do not suggest that the Board attempt to dispose of the accumulation of the past five or six years by dumping it on the market and thereby risk a chaotic break in prices, but I suggest that there be a stabilization policy through the open market and that this surplus wheat be fed into the market from time to time as conditions may permit."

ROBERT MCKEE, GENERAL MANAGER, CANADA GRAIN EXPORT COMPANY, LIMITED, REPRESENTING THE VANCOUVER GRAIN EXCHANGE, SAID:

"We recognize further that until private traders shall have been encouraged to resume active trading in wheat in forward positions as was done prior to the government's participation in the market, some market support from time to time may be necessary to handle smoothly the large crops without unreasonable price declines."

Every representative of the Grain Trade urged the giving of assistance to wheat producers if the international price level were disadvantageous to them. They were unanimous in expressing approval, if the Special Committee and Parliament saw fit to adopt them, of the proposals ultimately embodied in the Canadian Grain Board Act for the payment of a minimum price to farmers, the continuance in operation of the existing grain marketing machinery and the gradual liquidation of the Canadian wheat surplus. These proposals were accepted by Parliament largely on recommendation of the Grain Trade, the compulsory features originally proposed being withheld from operation until made effective by proclamation.

NO ATTEMPT TO REPRESENT THE WINNIPEG GRAIN EXCHANGE AND ITS MEMBERS AS ANTAGONISTIC TO THE PRODUCERS' INTEREST CAN BE SUCCESSFUL IN FACE OF THE ADOPTION BY PARLIAMENT OF THESE MEASURES AND OF THE EVIDENCE GIVEN BY THE REPRESENTATIVES OF THE EXCHANGE AND THE GRAIN TRADE, AS QUOTED ABOVE FROM THE OFFICIAL RECORD.

THE WINNIPEG GRAIN EXCHANGE

WEEKLY LETTER

Southern Alberta Farmers Learn to Control Soil Drifting from Their Neighbors.

Southern Alberta is a great testing ground for the control of soil drifting. The frequency and velocity of the chinook winds and the absence of snow covering in winter have made it so. One of the leading agriculturists of Canada, after having visited the drifting areas of Canada and the United States said recently that perhaps nowhere on the continent had so much progress been made in controlling drifting as in Southern Alberta. Farmers and technical agriculturists from all parts of the Canadian prairies and from the United States are coming here to see what has been accomplished and many of them are returning home convinced that they can meet their own situation as farmers here have done. The result of this is that from the foothills of Alberta to eastern Manitoba, and in neighbouring States to the south, strip farming, trash covers, cover crops, listing, scattering straw, and other control measures are not only being talked of but are being used.

Now what does this mean to southern Alberta? Of course many tourists, farmers or those interested in farming, make this district a part of their trip to see what we are

doing in controlling drifting. Perhaps this is attracting as many visitors as some of our parks. But this is merely incidental. The real value of this development to us is that we are making real progress in holding our own soil. It also means—and this should be understood by everyone—that any farmer in southern Alberta who is having trouble with drifting can find another farmer working under conditions similar to his own, who has found a satisfactory way to meet the situation.

Very often a near neighbour has adopted satisfactory control measures. If so he is a good man to see. But if no one near has been successful you can about rest assured that someone in Alberta is working on the problem.

Are you one of the few who still doubt the value of strip farming? If so, spend a day visiting in the area around Monarch, Nobleford and Barons. These farmers will not only convert you to strip farming but they can show you how to operate a ploughless fallow and keep a good trash cover either on binder or combine stubble and they are doing it easily and with little expense. If you are from a dry district where Russian thistle predominates it may be better to go where Russian thistles grow. Some think that Russian thistles cannot be worked down into a good trash cover, but farmers every where, southeast and north-east of Lethbridge are conducting ploughless fall-

lows on Russian thistle stubble without burning. Numbers of such fallows can be seen between Lethbridge and Stirling, between Champion and Lomond, and in many other localities.

Perhaps you are farming sandy land. If so visit the district south west of Claresholm or east of High River. These farmers have learned a lot about the use of cover crops and at High River they are using straw extensively.

Just a word here to the farmers of the High River, Nanaimo, Claresholm districts. If they would adopt the strip farming, and ploughless fallowing methods used in the Monarch-Nobleford districts with the same careful attention to the preserving of trash covers, and plant their cover crops on trash cover protected strips, they undoubtedly would have much more complete protection on their sandy soils.

Farmers in the Drumheller area and in some other localities are having trouble with clay soils but many are holding these clays with a combination of strip farming and trash covers. Where the trash covers are not sufficient, cover crops are sown before the first of August.

The main idea we wish to give is that if you are still having trouble it is worth while to visit someone who has been successful under conditions like your own. If you do not know anyone who has done this, write to the Lethbridge Experimental Station and we may be able to tell you of a farmer who has met a situation similar to yours.

The lightning damaged the power line in a place or two Tuesday night, and the Utilities crew were busy Wednesday morning fixing it up. Power equipment was practically useless while the line was broken.

YOU CAN'T STOP STOKING A STEAM ENGINE -- SAID WRIGLEY

Interviewed, and asked to what he attributed his phenomenal success, the late Mr. Wrigley, of chewing gum fame, replied, "To the consistent advertising of a good product."

"But," asked the reporter, "having captured practically the entire market, why continue to spend vast sums annually in advertising?"

Wrigley's reply was illuminating.

Once having raised steam in an engine, he stated, it requires continuous stoking to keep it up. Advertising stokes up business and keeps it running on a full head of steam.

This applies to YOUR business, too. Don't make a secret of your product. Tell people about it. Tell them what it does. Tell them its advantages. Tell them where to get it. Tell them through the Press and keep on telling them.

ASK FOR Kellogg's

BIG VALUE
in cereals!

If YOU WANT the biggest possible value in the cereal you buy—insist on Kellogg's Corn Flakes! With Kellogg's you get the most for your money. Many servings for only a few cents. The season's biggest value!

Kellogg's Corn Flakes are the most popular ready-to-eat cereal in the world. They're oven-fresh. Because they're heat-sealed in the patented WAXTITE inner bag. And they're flavor-perfect. No imitation has ever matched their delicious flavor.

Be sure, when you ask for Corn Flakes, that you get Kellogg's. Made by Kellogg in London, Ontario.

Kellogg's CORN FLAKES

OVEN-FRESH FLAVOR-PERFECT

A sample of winter wheat brought in from S. B. Card's farm south of town on Tuesday, measures about 3 feet, is a good color, and gives promise of a very excellent crop. Stewart is well pleased with the condition of the grain thus far.

The city of Drumheller is considering the question of a renewal of the franchise of the Union Power Co. for supplying electricity to the town. Raymond will have a turn at this before many years now.

Amongst the Raymond visitors to the Shady Nook Stampede Thursday afternoon were Mayor W. G. Meeks and L. D. King. Some very fine riding was seen there, and they certainly had a bunch of hard buckers.

The Prince of Wales Hotel will be reconditioned and opened for business in 1936 according to a statement of the President of the Great Northern Hotel System, who was in Waterton Park the first of this week. It has been closed for several years past.

Raymond : Alberta

NEWS NOTES

Brushes by Fuller have always been the best. Free samples and reasonable prices. Write Box 203 Raymond.

Several Raymond people were at the Stampede in Stirling on Monday last, and all report a good time. The weather was fine for such a celebration.

L. D. King returned Sunday from attending the Calgary Stampede.

George Fromm, Jr. and wife and family of Salt Lake City are here for a two weeks visit with relatives. They arrived in Raymond last week.

Travellers from the States report drouth quite general in Utah and from Helena, Montana, north, very dry. Other parts of the west and north are being flooded out.

About the liveliest topic on the streets these days are politics, and a discussion of the various parties and their prospects in the forthcoming election.

Clouds Monday afternoon kept quite as badly as it did Sunday, but the weather was still very warm and sultry.

The Lethbridge Exhibition and Stampede will open next Monday for three days, and it is very likely that a great many Raymond people will attend during the course of the Show.

A. J. Nelson, of Pocatello, asked as to his impressions of Canada stated that he was very much impressed with the country, its good government and its law abiding citizens, and hoped to visit here again before many years.

Misses Joy Brewerton, daughter of Mr. and Mrs. Harding Brewerton, and Edna Young, daughter of Mr. and Mrs. Spence Young, arrived here last week, having come from Salt Lake City with Jesse Knight. Leaving Salt Lake 9:30 a.m. they were in Raymond at 4:30 the next afternoon. This is speedy driving.

Despite the drouth, agricultural experts maintain that the western provinces known as the Great Plains region, are the most valuable parts of Canada. Well, we have always thought so, probably because we live here.

Thorpe Fisher, son of Mr. and Mrs. J. W. Fisher is getting around now on his crutches, after the accident of a couple of weeks ago when he had his leg broken.

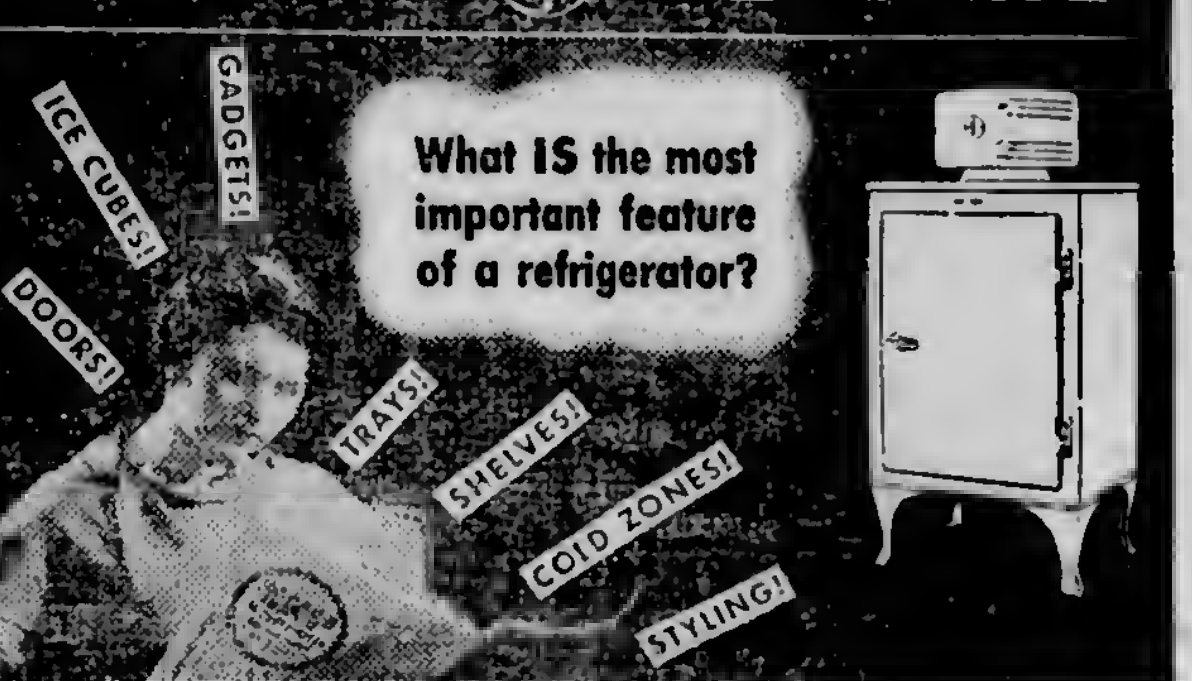

Mayor Elton of Lethbridge spoke to an interested and attentive audience on Sunday evening last on "The International Outlook." It was especially interesting to the young people present. Several nice musical numbers were rendered to complete an enjoyable evening's program.

Furk Greenough of Deer Lodge, Montana went home with the North American Bronco Rider's Crown from the Stampede. Herman Linder captured All around Cowboy Championship both for the North American and the Canadian, although he only placed first in the Steer Decorating. He was high in the other events.
